### PERFECTING TONER

An essential step to your daily regimen, this unique formula is the perfect way to maintain proper moisture levels, gently purify your complexion, and balance the pH levels of the skin. Using key nutrients and powerful peptides, this toner helps prepare your complexion to receive the maximum benefits of moisturisers and treatments that follow. **Featured Science:** The Celavive® Complex, featuring **InCelligence®** technology, is made up of two bioactive peptides and two botanical extracts. This hydrating nutrient combination responds uniquely to each individual, working to help visibly counteract chronological and lifestyle stress ageing like fine lines and wrinkles by introducing key nutrients onto the skin for dramatically younger-looking skin. **Olivo!**™ Botanical Blend is comprised of fruit extracts that have been clinically shown to provide 24 hours of rich hydration after just one application.
